AR & FR WORK WEAR

MAXX™ FLEECE PANT

Designed to be worn as a mid-or-base layer underneath utility pants or bibs, this CAT 4 jogger-style layering pant is an extremely warm option that won't restrict mobility on the job.

FEATURES

- Designed to be worn as a layering pant under utility pants or bibs
- Non-bulky fit for mobility on the job
- Roomy and cozy fleece hand pockets
- FR elastic waistband for comfort
- "Lay flat" drawcord at the waist to secure and hold the garment in place
- Nomex® cuffs allow you to tuck the hems into socks or boots to seal off cold drafts
- Steel grey contrast stitching around hand pockets and front tie for style
- Unisex design that will fit men or women
