

ELEMENTS™ BEANIE

Built for cold weather work, the Elements™ Beanie combines inherent FR protection with weather resistant performance and low-profile warmth. Our four-way stretch fleece provides a secure, comfortable fit that radiates warmth without bulk. Available in distinctive IronShield® Black and IronShield® Yellow patterns so you stay stylish and seen.

FEATURES

- Inherently flame and arc resistant for permanent protection
- Wind resistant design and water repellant finish blocks light rain and snow
- Four-way stretch provides a flexible yet secure fit
- Moisture wicking performance manages perspiration while locking in warmth during active work
- Low profile construction fits comfortably under a hard hat without unnecessary bulk
- Brushed interior and contoured two-layer fleece band adds warmth and comfort
- Durable wash and wear construction stands up to repeated use
- Manufactured without intentionally added PFAS chemistry
- 12.3 oz./sq yd DragonWear Inherent Tri-Blend FR Fabric
